**APPROVAL OF PARAMEDIC BASE HOSPITAL AGREEMENT  
(SUPERVISORIAL DISTRICT 5)  
(3 VOTES)**

**SUBJECT**

[www.dhs.lacounty.gov](http://www.dhs.lacounty.gov)

Request approval of a Paramedic Base Hospital Agreement with Antelope Valley Hospital.

*To improve health*

*through leadership,*

*service and education.*

**IT IS RECOMMENDED THAT YOUR BOARD:**

Approve and instruct the Interim Director of Health Services (Interim Director) or his designee, to execute a Paramedic Base Hospital (Base Hospital) Agreement with Antelope Valley Hospital (AVH) effective upon Board approval through June 30, 2012.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

Approval of this recommendation will allow the Interim Director to execute a Base Hospital Agreement with AVH, coterminous with existing agreements. This agreement will enable AVH to coordinate Advanced Life Support (ALS) services utilizing Emergency Medical Technician-Paramedics (paramedics) to deliver emergency medical care through on line (radio or telephonic) medical control.

Approval of AVH as a Base Hospital will augment the medical services available to the residents of the Antelope Valley, which is one of the County's fastest-growing yet underserved areas in terms of available medical care. By partnering with paramedic providers in the joint development and operation of an ALS system, AVH can efficiently and appropriately provide emergency medical services that meet the needs of County residents.

### **Implementation of Strategic Plan Goals**

The recommended actions support Goal 1, Operational Effectiveness and Goal 4, Health and Mental Health, of the County's Strategic Plan.

### **FISCAL IMPACT/FINANCING**

There is no net County cost for this Base Hospital Agreement.

Each Base Hospital pays the County Emergency Medical Services Agency (EMS Agency) annual fees to offset County costs for data collection, monitoring, and evaluation of ALS programs. The amounts payable to the County for Fiscal Years (FY) 2009-10, 2010-11 and 2011-12 are \$11,754, \$11,958 and \$12,165, respectively. The estimated prorated fee for AVH for the remainder of FY 2009-10 is \$5,387.

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

Pursuant to the authority granted under the Emergency Medical Services and Prehospital Emergency Medical Care Personnel Act, the County maintains an ALS system that utilizes paramedics for the delivery of emergency medical care. As part of this system, Base Hospitals provide prospective, concurrent, and retrospective medical control. Division 2.5 of the California Health and Safety Code authorizes the local EMS Agency to designate Base Hospitals to provide on-line (radio or telephonic) medical control to paramedics treating patients in a prehospital setting. There are currently 20 Base Hospitals in the County (Attachment I). Board approval of AVH as a Base Hospital will bring the total number of Base Hospitals in the County to 21.

The EMS Agency conducted an on-site review on November 10, 2009 to assess AVH's ability to comply with contractual requirements, and readiness to function as a new Base Hospital. The EMS Agency notified AVH in December 2009 that all requirements have been met for designation as a Base Hospital.

On November 18 and 19, 2009, AVH was evaluated by the American College of Surgeons and the EMS Agency for designation as a trauma center. The evaluation determined that AVH meets all of the requirements to be designated as a trauma center. The EMS Agency is currently reviewing the existing Trauma Center Service Agreement (TCSA) to identify necessary changes to the agreement language in order to add AVH as a new trauma center in the County. Once these changes are finalized, DHS will return to your Board for approval of a TCSA with AVH.

County Counsel has approved Exhibit I as to use and form.

#### **CONTRACTING PROCESS**

Not applicable.

#### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

This Agreement will enable AVH to provide the level of program services currently offered by the other 20 Base Hospitals in the County through June 30, 2012.

The Honorable Board of Supervisors

1/19/2010

**PARAMEDIC BASE HOSPITAL AGREEMENT**

(Trauma and Non-Trauma)

THIS AGREEMENT is made and entered into this \_\_\_\_\_ day  
of \_\_\_\_\_, 2010,

by and between

COUNTY OF LOS ANGELES  
(hereafter "County"),

and

ANTELOPE VALLEY HOSPITAL  
(hereafter "Hospital").

WHEREAS, pursuant to the authority granted under the  
Emergency Medical Services and Prehospital Emergency Medical  
Care Personnel Act ("Act") (Health and Safety Code, Sections  
1797, et seq.), County maintains an Advanced Life Support  
("ALS") system providing services utilizing Emergency Medical  
Technicians-Paramedics (hereafter "paramedics") for the delivery  
of emergency medical care to the sick and injured at the scene  
of an emergency, during transport to a general acute care  
hospital, during interfacility transfer, while in the emergency  
department of a general hospital, until care responsibility is  
assumed by the regular staff of that hospital, and during  
training within the facilities of a participating general acute  
care hospital; and

WHEREAS, County has designated its Department of Health

Services as the local Emergency Medical Services Agency  
(hereafter "Department", "local EMS Agency", "Agency" or "DHS");  
and

WHEREAS, the local EMS Agency approves and designates  
selected paramedic base hospital(s) as the Agency deems  
necessary to provide immediate medical direction and supervision  
of paramedics within Los Angeles County in accordance with  
policies and procedures established by the Agency and State EMS  
Authority; and

WHEREAS, various general acute care hospitals, both public  
and private, in Los Angeles County have been designated by the  
local EMS Agency to serve as paramedic base hospitals pursuant  
to a selection procedure developed and implemented with the  
assistance of health services provider organizations and other  
qualified agencies and organizations; and

WHEREAS, Hospital, by virtue of its qualifications pursuant  
to such selection process and its execution of this Agreement,  
is a County designated paramedic base hospital (hereafter "base  
hospital"); and

WHEREAS, trauma centers specialize in the care of major  
trauma patients; and

WHEREAS, a County-designated trauma center which is also a

base hospital shall provide medical direction for all injured patients meeting base hospital contact criteria or guidelines within its catchment area, in addition to other base contacts normally handled; and

WHEREAS, in the event Hospital is approved as a County-designated trauma center during the term of this Agreement, this Agreement will be incorporated as Exhibit F into the Hospital's new Trauma Center Service Agreement (TCSA); and

WHEREAS, "Director" as used herein, refers to County's Director of the Department of Health Services or his or her duly authorized designee; and

WHEREAS, the Act and related implementing regulations require commitment of hospital administration, emergency department, and medical staff to meet requirements for program participation as specified by law and by local EMS Agency policies and procedures; and

WHEREAS, the parties wish to cooperate with each other and with paramedic provider agencies in the joint development and operation of an ALS system in Los Angeles County in order to efficiently and appropriately meet the needs of Los Angeles County residents for high quality paramedic services; and

WHEREAS, a physician in the base hospital's emergency

department, under the direction of a base hospital medical director and with the assistance of registered nurses who are specially trained and certified as authorized mobile intensive care nurses (hereafter "MICNs") by the local EMS Agency, exercises control over the delivery by paramedics of certain emergency care services in the field by issuance to them of verbal medical instructions over a radio or commercial telephone; and

WHEREAS, a base hospital supervises prehospital triage, treatment, patient destination, and advanced life support, and monitors personnel program compliance by providing medical direction; and

WHEREAS, a base hospital provides, or causes to be provided, emergency medical services, and prehospital personnel training and continuing education in accordance with local EMS Agency policies and procedures; and

WHEREAS, a base hospital collects prehospital and emergency department data specified in the Base Hospital Form; and

WHEREAS, a base hospital utilizes and maintains two-way telecommunications equipment, as part of the County's Paramedic Communications System ("PCS"), as specified by the local EMS Agency, capable of direct two-way voice communication with the

paramedic advanced life support units ("ALS unit") assigned to a base hospital; and

WHEREAS, the PCS is composed of discrete radio subsystems licensed individually by the Federal Communications Commission ("FCC") with Hospital holding title to the PCS subsystem(s) used to link to a County facility and County holding title to the PCS subsystem(s) used to link the County facilities with the EMS Agency; and

WHEREAS, Hospital's commitment to provide and operate PCS equipment, and to otherwise establish and maintain a base hospital and to provide the professional and hospital services associated therewith represents a substantial and continuing commitment of financial, physical, professional, and personnel resources by Hospital and its professional staff; and

WHEREAS, the parties desire to carry out their respective obligations under this Agreement in an efficient cost-effective manner; and

WHEREAS, Hospital agrees to share in a portion of costs required to implement and maintain a countywide computerized data collection and information management system (costs specified in body); and

WHEREAS, in exchange, County agrees to provide countywide standardized prehospital management reports and to make available countywide statistical data (nonidentifiable) for research purposes; and

WHEREAS, this Agreement is authorized by Health and Safety Code Sections 1797.58 and 1798.100 and Title 22 California Code of Regulations, Section 100168.

NOW, THEREFORE, the parties agree as follows:

1. BASIS AND PURPOSE: The basis of this Agreement is the desire and intention of the parties to cooperate in the operation of each party's component of the paramedic delivery system, consistent with each party's other health services activities and fiscal requirements and the duties and responsibilities of the County. Its purposes are to establish, in a manner reflective of that cooperative basis, the specific duties and responsibilities of the parties with respect to the matters addressed herein and to provide mechanisms and procedures for (a) resolution of disputes, (b) communications regarding the operation of the system, (c) consideration of future development of the system in response to change in circumstances, (d) interaction with other system participants, and (e) quality improvement.

2. TERM:

A. The effective date of this Agreement shall become effective upon Board and EMS Agency approval of Hospital as a Base Hospital, and shall continue in full force and effect to and including June 30, 2012. Unless sooner terminated, revoked, or canceled, this Agreement shall finally expire at midnight on June 30, 2012.

B. The local EMS Agency shall review this Agreement as appropriate to ensure compliance with Title 22, California Code of Regulations, Section 100168.

C. Notwithstanding any other provision of this Agreement, it shall be effective and binding upon the parties during any future County July 1 through June 30 fiscal year only in the event that County's Board of Supervisors appropriates funds to cover County's obligations hereunder in County's budget for each such future fiscal year.

D. Notwithstanding any other provision of this Agreement, Director may suspend this Agreement immediately upon giving written notice to Hospital if Hospital's license to operate as a general acute care hospital or its permit to operate basic or comprehensive emergency service

is revoked or suspended. Any such action by DHS shall be subject to the review procedures for suspensions established in Paragraph 6, Due Process, herein below. If such a suspension order has been issued and remains in effect for a period of at least sixty (60) calendar days, Director may terminate this Agreement upon giving at least thirty (30) calendar days prior written notice thereof to Hospital.

E. Notwithstanding any other provision of this Agreement, Director may find Hospital out of compliance with this Agreement, upon giving written notice to Hospital, if Hospital has demonstrated a consistent failure to adhere to policies, procedures, and contractual requirements, as outlined in this Agreement and the Los Angeles County Prehospital Care Policy Manual, hereinafter, Prehospital Care Policy Manual, (incorporated herein by reference), the effect of which has disrupted the uniform and consistent discharge of Hospital's responsibilities hereunder. Any such action by Director shall be subject to the review procedures for contract compliance established in Paragraph 6, Due Process, herein below. Hospital hereby acknowledges receipt of a copy of Agency's Prehospital Care

Policy Manual.

F. Notwithstanding any other provision in this Agreement, Hospital may find DHS out of compliance with this Agreement, upon giving notice to Director, if DHS has demonstrated a consistent failure to adhere to policies, procedures, and contractual requirements, as outlined in this Agreement and Agency's Prehospital Care Policy Manual, the effect of which has disrupted the uniform and consistent discharge of DHS' responsibilities.

G. This Agreement shall be considered automatically suspended in the event of a labor dispute, natural catastrophe, or other event beyond the control of Hospital which renders Hospital incapable of continuing to carry out its responsibilities hereunder. In the event such suspension continues for a period in excess of three (3) months and Hospital is unable to demonstrate to Director that it can resume its participation within six (6) months from the initial date of interruption of service, Director may terminate this Agreement upon giving at least one-hundred twenty (120) calendar days prior written notice thereof to Hospital.

H. Notwithstanding any other provision of this Agreement, either party may terminate this Agreement without cause upon providing at least one-hundred twenty (120) calendar days prior written notice thereof to the other party.

3. ADDITIONAL PROVISIONS: Attached hereto and incorporated herein by reference, is a document labeled "ADDITIONAL PROVISIONS". The terms and conditions therein contained are part of this Agreement.

4. RESPONSIBILITIES OF COUNTY: County shall coordinate the countywide aspects of the ALS system and maintain and operate County components of the PCS.

A. Responsibilities of DHS:

1) Policies and Procedures:

a) Establish policies and procedures consistent with State and County laws, regulations, and standards to assure medical control of ALS personnel.

b) Review and revise policies every three years or as needed.

c) Distribute to Hospital within sixty (60) calendar days of the execution of this

Agreement a complete manual containing all protocols and policies which Agency currently considers to be applicable to participants in the ALS system.

d) Establish policies and procedures that ensure a mechanism exists for replacing medical supplies and equipment used by advanced life support personnel during treatment of patients. Such policies and procedures shall not require hospital to provide or replace such medical supplies and equipment.

e) Establish policies and procedures that ensure a mechanism exists for replacing controlled drugs and narcotics used by advanced life support personnel during treatment of patients. Such policies and procedures shall not require hospital to provide or replace such medical supplies and equipment.

2) Interim System Re-Configuration: DHS may, on an interim basis, restructure the prehospital care system as it deems necessary, including reassignment of ALS Units to or from Hospital as the primary

directing base hospital, in those instances when a designated base hospital gives notice that it is withdrawing from the system or when a designated base hospital is suspended or terminated from the prehospital care system. In the event that an interim restructuring occurs, Hospital, if affected by the restructuring, shall be given the immediate opportunity to provide written and oral statements to Director regarding the restructuring to the local EMS Agency and shall be provided with the "due process" procedures specified in Paragraph 6, Due Process, herein below. Nothing herein, however, is intended to prevent implementation by Director on an emergency basis of such changes as he/she may find measurably necessary to preserve the integrity of the prehospital care system and to protect the health and safety of County residents.

3) System Configuration: Director shall notify Hospital of proposals for substantial operational or structural changes in the components of the ALS system or in the overall operation or configuration of such system. This shall include, but not be limited to,

increasing or decreasing the number of base hospitals in the event that a restructuring of the prehospital care system is deemed necessary. In the event the number of base hospitals is increased or decreased, and unless otherwise agreed upon by the parties, written notice shall be given to Hospital at least one-hundred and twenty (120) calendar days prior to the effective date of any resulting substantial operational or structural changes to the local EMS Agency. If the need for Hospital to serve as a base hospital can no longer be substantiated, or if Hospital is adversely affected by the addition of a new base hospital, Hospital, upon request, shall be provided with "due process" as specified in Paragraph 6, Due Process, herein below.

4) Data Management: DHS, after consultation with and advice from the Emergency Medical Services Commission ("EMSC") Data Advisory Committee, as defined by the EMS Commission bylaws, if duly constituted, shall continue maintenance of a comprehensive base hospital data collection system.

a) The DHS base hospital data collection

system includes:

1. A base hospital data collection procedure manual.
2. A minimum of sixteen (16) hours Trauma and Emergency Medicine Information System ("TEMIS") basic software training up to twenty-four (24) hours of intermediate/advanced training for all necessary persons identified by Contractor, and as agreed upon by County, to enable Hospital personnel to perform data entry, database maintenance, and basic report generation functions.
3. A nonexclusive, nontransferable license to Hospital to use TEMIS software and documentation and any software updates for as long as County maintains its software license contract with Lancet Technology, Inc., or until Agreement is terminated as set forth herein. Such license also includes the right of Hospital to copy TEMIS software, data, and documentation for

back-up or archive purposes, but such license further gives Hospital no right to sell, lease, sublease, donate, assign, distribute, or otherwise transfer any right in TEMIS software, data, or documentation to any other person or entity.

4. Software meeting specifications shown in Exhibit "E", TEMIS HOSPITAL HARDWARE AND SOFTWARE SPECIFICATIONS, attached hereto and incorporated herein by reference, for the purpose of base hospital data entry and/or data manipulation. In the event that Agreement is terminated for any reason, DHS shall promptly remove all TEMIS software provided by County/County's TEMIS-related contractor and Hospital shall return to County all TEMIS data and documentation (and all copies thereof made by Hospital hereunder) provided by County to Hospital.

a) DHS, on behalf of County, in the event of errors in software, shall use reasonable efforts to promptly

rectify the software. Whenever possible, DHS shall correct a problem in twenty-four (24) hours or less (excluding Saturday, Sunday, and Holidays). County shall have no such obligation if the problem(s) is (are) a direct or indirect result of software modifications, made without the prior written approval from Director.

b) The foregoing are the only warranties of any kind, either expressed or implied, that are made by County, and County disclaims all other warranties including, but not limited to, the implied warranties of fitness for a particular purpose. In no event shall County be liable for any direct, indirect, incidental, or consequential damages of any nature whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of information, and

the like), arising out of the use or inability to use the software (including without limitation any claim of patent infringement or other similar claim), even if County has been advised of the possibility of such damages.

c) County does not warrant that operation of the software will be uninterrupted or error-free or that all errors will be corrected.

d) County does not assume and shall have no liability under this Agreement for failure to repair or replace defective software, the related data or documentation due directly or indirectly to causes beyond the control of, and without the fault or negligence of County, including, but not limited to, acts of God, acts of public enemy, acts of the United States, any state, or other political subdivision, fires, floods, epidemics,

quarantine, restrictions, strikes,  
freight embargoes, or similar or other  
conditions beyond the control of  
County.

5) Prehospital Care Liaison: Director shall designate one or more individuals within the local EMS Agency with the primary responsibilities of reviewing, monitoring, communicating and coordinating matters affecting the ALS delivery system under the jurisdiction of the local EMS Agency. Designated individuals shall periodically attend Hospital's continuing education programs, field care audits, and meetings related to the ALS system and shall perform contract compliance reviews as specified in this Agreement.

6) Assignment of ALS Units: After consultation with Hospital and provider organizations, Director shall assign designated ALS units to operate under Hospital's primary control as base hospital. These assignments may be changed from time to time by Director after consultation with Hospital. Director shall take into consideration the number of base

hospital contacts handled by each base hospital within a Base Hospital Region, the receiving hospital for the majority of patients handled by the ALS unit being assigned, whether the ALS unit being assigned is primarily a 9-1-1 response unit or private interfacility transport unit, and the provider agency's desire to affiliate with a particular base hospital.

7) Paramedic Communication System Management:

a) Designate one individual within DHS as the PCS manager to provide administration and direction of the PCS.

b) Utilize County's Internal Services Department ("ISD") for ongoing design, installation, maintenance, and technical consultation.

c) Assign Hospital frequencies and private line ("PL") tones in consultation with ISD.

d) Notify Hospital of any proposals for operational or structural changes in the components of the PCS. No non-emergent substantial operational or structural change in

the components of the PCS will be made without prior notification of Hospital, and until Hospital, if it wishes, has appropriately exhausted administrative due process remedies under this Agreement.

e) Promulgate PCS communications operations procedures and maintenance standards in cooperation with ISD prior to the execution of this Agreement. Any changes made during the term of this Agreement shall be reviewed and approved by the Communications Management Committee, described in Exhibit "A", attached hereto and incorporated herein by reference.

f) Notify the Hospital Association of Southern California ("HASC") of any proposals for changes in policies and procedures.

B. Responsibilities of County through ISD:

1) Assume ongoing responsibility for the design, development, timely implementation, and technical integrity of the PCS. To the extent feasible, ISD shall consult with the DHS PCS Manager and solicit input in the areas of design development,

implementation, and technical integrity of the PCS.

2) Maintain and repair County-owned equipment.

3) Prepare PCS communications operating procedures and maintenance standards in cooperation with the local EMS Agency.

C. Contract Compliance: Should DHS, as determined by Hospital, fail to comply with any provision set forth hereunder as a DHS responsibility or obligation, Hospital may do any or all of the following in addition to other rights which Hospital may have hereunder or at law:

1) Send Director a written statement itemizing the areas of concern and request or specify a plan for remedial action.

2) Send Director a written itemized listing of the area(s) of concern and notification of intent to terminate Agreement.

3) Institute the review procedures outlined in Paragraph 6, DUE PROCESS herein below.

5. RESPONSIBILITIES OF HOSPITAL:

A. General Requirements:

1) Be licensed by the State Department of Health Services ("SDHS") as a general acute care

hospital.

2) Be accredited by the Joint Commission ("JC").

3) Have a special permit for Basic or Comprehensive Emergency Medical Service pursuant to the provisions of Title 22, Division 5, California Code of Regulations.

4) Unless exempted in writing by the Medical Director of the local EMS Agency, meet or exceed standards for Emergency Departments Approved for Pediatrics ("EDAP").

5) Satisfy the requirements of Title 22, California Code of Regulations, Section 100168.

6) Participate in the ReddiNet<sup>®</sup> communication system.

7) Hospital administration, medical staff and emergency room staff agree/concur that it shall meet the requirements under applicable State regulations and the local EMS Agency's policies and procedures for the provision of services under this Agreement.

B. Standards and Protocols: Hospital shall implement and monitor the policies and procedures of the

local EMS Agency related to the services performed by Hospital under this Agreement.

C. Data Collection:

1) Hospital shall complete and submit the following documents to Director, the completion and submission of which shall be according to DHS procedure and formats previously provided to Hospital:

a) Base Hospital Form: The MICN or emergency department physician, or both, shall complete at least one current DHS approved base hospital form for every base hospital paramedic contact involving a patient. One form shall be completed for every ALS patient involved in an incident. Samples of the DHS approved base hospital form are attached as Exhibit "G", (Base Hospital Form), G-1 (Page 2), G-2 (MCI Form), attached hereto and incorporated herein by reference. Hospital shall submit the Base Hospital Form within sixty (60) calendar days of its completion. Upon approval of Director, Hospital may discontinue transmittal of a "hard copy" of the form when Director determines that

the computer data base hospital form information which is transmitted to Agency is of high quality and timely, and reflects all documentation.

a.1) Standing Field Treatment Protocol (SFTP) data collection: When base contact is made for destination and/or medical direction, a base hospital form should be completed with the following documentation:

a.1.1) Provider Code/Unit #

a.1.2) "We have a protocol patient..." (State major or minor if trauma)

a.1.3) Chief complaint/Location of injury

a.1.4) Age/Gender

a.1.5) Level of Distress

a.1.6) Name of the Protocol

a.1.7) Destination/ETA

a.1.8) Sequence Number

a.1.9) Mechanism of Injury if trauma

b) Receiving Hospital Outcome Data:

Hospital shall complete emergency department outcome data for all patients where Hospital provided base hospital medical direction to prehospital care personnel and patients were delivered to its emergency department via the County's prehospital care system. Hospital personnel shall enter the appropriate information as defined in Exhibit "I", attached hereto and incorporated herein by reference, onto the base hospital form and into the County's automated data collection system (TEMIS).

c) Required Data Elements: Hospital shall enter data elements as defined in "Exhibit I."

d) In the event Agency determines that existing forms, logs, and documents should be modified or that additional data should be collected from Hospital, said modification or request for additional data must first be reviewed by the EMSC Data Advisory Committee, if constituted. Agency shall estimate the cost impact on Hospital of the proposed modification

or request for additional data, and, if a dispute concerning same arises, the matter may be submitted to the EMSC for arbitration in accordance with County Code Section 3.20.070.

e) Hospital shall submit required data under County's automated data collection system to Agency via Agency defined media within forty-five (45) calendar days following an "incident" according to procedures identified in the most current version of the Agency's "TEMIS Users Manual" incorporated herein by reference. A copy of the TEMIS Users Manual has previously been provided to Hospital. Data format must meet specifications defined by Agency. Should County remove all or any portion of TEMIS software required to submit Hospital's data to County via County defined media, or fail to correct any software errors that prevent Hospital from being able to perform data entry, Hospital's obligation to submit data electronically shall cease, until County has reinstalled the necessary software or corrected the software errors.

f) Hospital shall utilize TEMIS application programs and provide hardware which meets the requirements listed under Temis Hospital Hardware and Software Specifications described in "Exhibit E". Hospital shall in no way modify the structure or function of the software as set forth in the Agreement without the prior written approval of Director. The software provided shall be used exclusively for the purposes intended herein and shall be maintained by Hospital in a secure location. Hospital shall at all times provide County representative(s) designated by Director with reasonable access to Hospital premises to allow installation/maintenance/removal of County-owned property.

g) If it is reasonably determined by Director that any Hospital repair or replacement of equipment, or repair or recovery of software or data, to the extent deemed feasible by Director, was necessary due to theft or due to Hospital's negligence, Hospital shall reimburse

County for the repair, replacement, or recovery cost at a maximum labor rate of One Hundred Dollars (\$100) per hour, plus the actual cost of parts and materials.

h) To provide ongoing financial support to County for data collection, monitoring, and evaluation of the ALS programs, all of which benefit Hospital in the provision of base hospital services, Hospital agrees to offset a portion of the costs attributed thereto. Such bond shall be executed by a corporate surety licensed to transact business in the State of California.

## **PARAMEDIC BASE HOSPITAL AGREEMENT**

### **ADDITIONAL PROVISIONS**

#### **1. ADMINISTRATION AND MONITORING:**

- A. Director or his authorized designee shall have the authority to administer this Agreement on behalf of County.
- B. Hospital extends to Director the right to review and monitor Hospital's programs and procedures pertinent to this Agreement and to inspect its facilities and records for contractual compliance with State and local EMS Agency policies and regulations.

Inspections by County staff shall be conducted during County's normal business hours and only after giving Hospital at least three (3) working days prior written notice thereof. In computing the three working days, a Saturday, Sunday, or legal holiday shall not be included. Entry and exit conferences shall be held with Hospital's Administrator or their designee. Said notice need not be given where Director determines that the health and welfare of patients may be jeopardized by waiting the three day period. Nothing herein shall preclude County staff authorized by Director from making unannounced visits to determine compliance with

**ADDITIONAL PROVISIONS**

criteria contained in Exhibits "A" through "L",  
attached hereto and incorporated herein by reference.

2. CONTRACT COMPLIANCE: Should Hospital, as determined by Director, fail to comply with any provision set forth hereunder as a Hospital responsibility or obligation, Director may do any or all of the following in addition to other rights which Director or County may have hereunder or at law:
  - A. Send Hospital a written warning itemizing the area(s) of concern and request or specify a plan for remedial action.
  - B. Send Hospital a written itemized listing of the area(s) of concern and permit Hospital to voluntarily request temporary suspension of Hospital for a period of sixty (60) calendar days or less to allow for remedial action to be taken.
  - C. Send Hospital a written itemized listing of the area(s) of concern and find Hospital out of compliance with this Agreement, or summarily suspend, or summarily suspend Agreement with intent to terminate Agreement. Summary suspension will not occur unless Director believes Hospital may be engaging in a continuing course of conduct which poses an imminent danger to

## ADDITIONAL PROVISIONS

life or health of public receiving or requesting medical services from it. Any such action by County shall be subject to the review procedures for summary suspensions in "due process" procedures established in Paragraph 6 of the body of the Agreement.

3. LICENSES: Hospital shall obtain and maintain, during the term of this Agreement, all appropriate licenses, permits, certifications, accreditations, or other authorizations required by law for operation at its facility and for the provision of services hereunder. Hospital, in its operation, shall also comply with all applicable local, State, and federal statutes, ordinances, and regulations.
4. CONFIDENTIALITY: Hospital agrees to maintain the confidentiality of its records, including billings, in accordance with all applicable State, federal, and local laws, ordinances, rules, regulations, and directives relating to confidentiality. Hospital shall inform all of its officers, employees, and agents, and others providing services hereunder of said confidentiality provisions. County shall maintain the confidentiality of patient medical records made available hereunder in accordance with the customary standards and practices of governmental third party payers.

## **ADDITIONAL PROVISIONS**

### **5. RECORDS AND AUDITS:**

A. Records of Services Rendered: Hospital shall maintain books and records of services rendered to all patients including a discharge summary on each patient and record of services provided in sufficient detail to permit the evaluation of performance pursuant to the standards, also established in Paragraph 4, and in applicable performance requirements specifically set forth in other provisions of this Agreement. All patient records must comply with general acute care hospital licensure requirements and JC standards applicable to books and records of services rendered. Such books and records shall be retained by Hospital for a minimum period of seven (7) years following the discharge of a patient. Patient records for minors shall be retained either for seven (7) years following the discharge of the patient or until the minor's 19th birthday, whichever is later. During such seven (7) year period, all such records, as well as other records and reports maintained by Hospital pertaining to this Agreement, shall be retained by Hospital at a location in Los Angeles County, and shall be available during Hospital's normal business hours to duly authorized

## **ADDITIONAL PROVISIONS**

representatives of Director upon request for review and copying.

In the event County staff desires to conduct any review of Hospital's records authorized under this Paragraph, Hospital shall be given written notice at least ten (10) days in advance of any such review. Said notice need not be given in cases where Director determines that the health and welfare of patients would be jeopardized by waiting ten (10) days.

Hospital's Director of Utilization Review and its Director of Medical Records shall be permitted to participate in the review and Hospital shall fully cooperate with County's representatives. Hospital shall allow County's representatives access to all medical records and reports, and other records pertaining to this Agreement, and shall allow photocopies to be made of these documents utilizing Hospital's photocopier, for which County shall reimburse Hospitals at County's customary rate for record copying services. Such inspection rights shall not extend to the proceedings or records of Hospital's organized committees or its medical staff, having as their responsibility the evaluation and improvement of

## **ADDITIONAL PROVISIONS**

the quality of care rendered in the hospital, which are protected by Evidence Code, Section 1157. An exit conference shall be held following the performance of such review activities at which time the results of the review shall be discussed with Hospital representatives prior to the generation of any final written report or action by Director based on such audit or review. The exit conference shall be held on site prior to the departure of the reviewers and Hospital representatives shall be provided with an oral or written list of preliminary findings at the exit conference.

- B. Federal Access to Records: If, and to the extent that, Section 1861 (v) (1) (I) of the Social Security Act [42 U.S.C. Section 1395x (v) (1) (I)] is applicable, Hospital agrees that for a period of four years following the furnishing of services to a patient by Hospital, Hospital shall maintain and make available, upon written request, to the Secretary of the United States Department of Health and Human Services or to the Comptroller General of the United States, or to any of their duly authorized representatives, the contract, books, documents, and records of Hospitals which are necessary to verify the nature and extent of the cost

## **ADDITIONAL PROVISIONS**

of such services. Furthermore, if Hospital carries out any of the services provided hereunder through a subcontract with a value or cost of Ten Thousand Dollars (\$10,000) or more over a twelve (12) - month period with a related organization (as that term is defined under federal law), Hospital agrees that each such subcontract shall provide for such access to the subcontract, books, documents, and records of the subcontractor.

6. COUNTY'S QUALITY ASSURANCE PLAN: County or its Agents will evaluate Hospital's performance under this Agreement at least every three (3) years. Such evaluation will include assessing Hospital's compliance with all contract terms and performance standards. Hospital deficiencies which County determines are severe or continuing and that may place performance of this Agreement in jeopardy if not corrected will be reported to the Board of Supervisors. The report will include improvement/corrective action measures taken by County and Hospital. If improvement does not occur consistent with the corrective action measures, County may terminate this Agreement or impose other penalties as specified in this Agreement.
7. HOSPITAL'S PERFORMANCE DURING CIVIL UNREST OR DISASTER:

## ADDITIONAL PROVISIONS

Hospital recognizes that health care facilities maintained by County provide care essential to the residents of the communities they serve, and that these services are of particular importance at the time of riot, insurrection, civil unrest, natural disaster, or similar event.

Notwithstanding any other provision of this Agreement, full performance by Hospital during any riot, insurrection, civil unrest, natural disaster, or similar event is not excused if such performance remains physically possible. Failure to comply with this requirement shall be considered a material breach by Hospital for which Director may suspend or County may immediately terminate this Agreement.

8. INDEPENDENT HOSPITAL STATUS: This Agreement is by and between the County of Los Angeles and Hospital and it is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between County and Hospital.

Hospital understands and agrees that all Hospital employees furnishing services pursuant to this Agreement are, for purposes of Workers' Compensation liability, employees solely of Hospital and not of County.

Hospital shall bear the sole responsibility and liability for furnishing Workers' Compensation benefits, if

## ADDITIONAL PROVISIONS

applicable, to any person for injuries arising from, or connected with, services performed on behalf of Hospital pursuant to this Agreement.

9. NONDISCRIMINATION IN SERVICES: Hospital shall not discriminate in the provision of services hereunder because of race, color, religion, national origin, ancestry, sex, age, or physical or mental disability, or medical condition, in accordance with applicable requirements of State and federal law.
10. NONDISCRIMINATION IN EMPLOYMENT: Hospital's employment practices and policies shall also meet all applicable State and federal nondiscrimination requirements.
11. 12. EMPLOYMENT ELIGIBILITY VERIFICATION: Hospital warrants that

## ADDITIONAL PROVISIONS

it fully complies with all federal statutes and regulations regarding employment of aliens and others, and that all its employees performing services hereunder meet the citizenship or alien status requirements contained in federal statutes and regulations. Hospital shall retain such documentation for all covered employees for the period prescribed by law. Hospital shall indemnify, defend, and hold harmless, the County, its officers, and employees from employer sanctions and any other liability which may be assessed against Hospital or County in connection with any alleged violation of federal statutes or regulations pertaining to the eligibility for employment of persons performing services under this Agreement.

13. STAFF PERFORMANCE WHILE UNDER THE INFLUENCE: Hospital shall use reasonable efforts to ensure that no employee or physician will perform services hereunder while under the influence of any alcoholic beverage, medication, narcotic, or other substance that might impair his/her physical or mental performance.
14. HOSPITAL'S WILLINGNESS TO CONSIDER COUNTY'S EMPLOYEES FOR EMPLOYMENT: Hospital agrees to receive referrals from County's Department of Human Resources of qualified permanent employees who are targeted for layoff or qualified

## ADDITIONAL PROVISIONS

former employees who have been laid off and are on a re-employment list during the life of this Agreement. Such referred permanent or former County employees shall be given consideration of employment as Hospital vacancies occur after the implementation and throughout the term of this Agreement; subject to the following: (i) Hospital's collective bargaining agreement(s); (ii) Hospital's personnel policies and procedures; (iii) Hospital's own employees targeted for layoffs or who have been laid off; and (iv) the most qualified applicant.

Notwithstanding any other provision of this Agreement, the parties do not in any way intend that any person shall acquire any rights as a third party beneficiary of this Agreement.

15. CONSIDERATION OF GREATER AVENUES FOR INDEPENDENCE ("GAIN") PROGRAM OR GENERAL RELIEF OPPORTUNITY FOR WORK ("GROW") PARTICIPANTS FOR EMPLOYMENT: Should Hospital require additional or replacement personnel after the effective date of this Agreement, Hospital shall give consideration for any such employment openings to participants in the County's Department of Public Social Services' Greater Avenues for Independence ("GAIN") or General Relief Opportunity for Work ("GROW") Programs, who meet Hospital's minimum qualification

## **ADDITIONAL PROVISIONS**

for the open position. For this purpose, consideration shall mean that Hospital will interview qualified candidates. The County will refer GAIN/GROW participants by job category to the Hospital. In the event that both laid-off County employees and GAIN/GROW participants are available for hiring, County employees shall be given first priority.

16. TERMINATION FOR IMPROPER CONSIDERATION: County may, by written notice to Hospital, immediately terminate the right of Hospital to proceed under this Agreement if it is found that consideration, in any form, was offered or given by Hospital, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing the Agreement or securing favorable treatment with respect to the award, amendment, or extension of the Agreement or the making of any determination with respect to the Hospital's performance pursuant to the Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Hospital as it could pursue in the event of default by the Hospital.

Hospital shall immediately report any attempt by a County officer, or employee, or agent to solicit such improper consideration. The report shall be made either to

## ADDITIONAL PROVISIONS

the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861.

Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, or tangible gifts.

17. RESTRICTIONS ON LOBBYING: If any federal monies are to be used to pay for Hospital's services under this Agreement, Hospital shall comply with all certification and disclosure requirements prescribed by Section 319, Public Law 101-121 (Title 31, United States Code, Section 1352) and any implementing regulations, and shall ensure that each of its subcontractors receiving funds provided under this Agreement also fully comply with all such certification and disclosure requirements.
18. COUNTY LOBBYISTS: Hospital and each County lobbyist or County lobbying firm as defined in Los Angeles County Code Section 2.160.010, retained by Hospital, shall fully comply with the County Lobbyist Ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of Hospital or any County lobbyist or County lobbying firm retained by Hospital to fully comply with the County Lobbyist Ordinance shall constitute a material breach of this Agreement upon which

## **ADDITIONAL PROVISIONS**

County may immediately terminate or suspend this Agreement.

19. UNLAWFUL SOLICITATION: Hospital shall inform all of its employees of the provision of Article 9 of Chapter 4 of Division 3 (commencing with Section 6150) of the Business and Professions Code of the State of California (i.e., State Bar Act provisions regarding unlawful solicitation as a runner or capper for attorneys) and shall take positive and affirmative steps in its performance hereunder to ensure that there is no violation of said provision by its employees. Hospital agrees that if a patient requests assistance in obtaining the services of any attorney, it will refer the patient to the attorney referral service of those bar associations within Los Angeles County that have such a service.
20. CONFLICT OF INTEREST: No County officer or employee whose position in County enables him or her to influence the award or County administration of this Agreement or any competing agreement shall participate in the negotiation of this Agreement. No County employee with a spouse or economic dependent employed in any capacity by Hospital herein, shall participate in the negotiation of this Agreement, or have a direct or indirect financial interest in this Agreement.

No officer, subcontractor, agent, or employee of

## **ADDITIONAL PROVISIONS**

Hospital who may financially benefit from the provision of services hereunder shall in any way participate in County's approval, or ongoing evaluation, of such services, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such services.

### **21. PROHIBITION AGAINST ASSIGNMENT AND DELEGATION:**

A. Assignment of Delegation to Subcontractor: Hospital shall not assign its rights or delegate its duties under this Agreement by subcontract, or both, whether in whole or in part, without the prior written consent of County where such assignment or delegation materially changes the operation of the paramedic base hospital in performing services under this Agreement. Any assignment or delegation which does not have such prior County consent shall be null and void. For purposes of this Paragraph, such County consent shall require a written amendment to this Agreement which is formally approved and executed by the parties. Any billings to County by any delegatee or assignee on any claim under this Agreement, absent such County consent, shall not be paid by County. Any payments by County to any delegatee or assignee on any claim under this Agreement, in consequences of any such County consent,

## **ADDITIONAL PROVISIONS**

shall reduce dollar for dollar any claims which Hospital may have against County and shall be subject to set-off, recoupment, or other reduction for any claims which County may have against Hospital, whether under this Agreement or otherwise.

- B. Shareholders or partners, or both, of Hospital may sell, exchange, assign, divest, or otherwise transfer any interest they may have therein. However, in the event any such sale, exchange, assignment, divestment, or other transfer is effected in such a way as to give majority control of Hospital to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of this Agreement, then prior written notice thereof by County's Board of Supervisors shall be required. Any payments by County to Hospital on any claim under this Agreement shall not waive or constitute such County consent. Consent to any such sale, exchange, assignment, divestment, or other transfer shall be refused only if County, in its sole judgment, determines that the transferee(s) is (are) lacking in experience, capability, or financial ability to perform all Agreement services and other work. This

## ADDITIONAL PROVISIONS

in no way limits any County right found elsewhere in this Agreement, including, but not limited to, any right to terminate this Agreement.

22. SERVICE DELIVERY SITE - MAINTENANCE STANDARDS: Hospital shall assure that the locations where services are provided under provisions of this Agreement are operated at all times in accordance with County community standards with regard to property maintenance and repair, graffiti abatement, refuse removal, fire safety, landscaping, and in full compliance with all applicable local laws, ordinances, and regulation relating to the property. County's periodic monitoring visits to Hospital's facilities shall include a review of compliance with the provisions of this Paragraph.
23. CONFLICT OF TERMS: To the extent that any conflict exists between the language of the body of this Agreement and of the language of the exhibits attached hereto, the former shall govern and prevail.
24. MERGER PROVISION: The body of this Agreement, together with the exhibits attached hereto, fully expresses all understandings of the parties concerning all matters covered and shall constitute the total Agreement. No addition to, or alteration of the terms of this Agreement, whether by written or verbal understanding of the parties, their

## ADDITIONAL PROVISIONS

officers, agents, or employees, shall be valid and effective unless made in the form of a written amendment to this Agreement which is formally adopted and executed by the parties in the same manner as this Agreement.

25. HOSPITAL'S WARRANTY OF ADHERENCE TO COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM: Hospital acknowledges that County has established a goal of ensuring that all individuals who benefit financially from County through County contracts are in compliance with their court-ordered child, family, and spousal support obligations in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

As required by County's Child Support Compliance Program (County Code Chapter 2.200) and without limiting Hospital's duty under this Agreement to comply with all applicable provisions of law, Hospital warrants that it is now in compliance and shall during the terms of this Agreement maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 U.S.C. Section 653a) and California Unemployment Insurance Code (Section 1088.55), and shall implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department (CSSD) Notices

## ADDITIONAL PROVISIONS

of Wage and Earnings Assignment for Child, Family, or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246 (b).

26. TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE

WITH COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM: Failure of Hospital to maintain compliance with the requirements set forth in the HOSPITAL'S WARRANTY OF ADHERENCE TO COUNTY'S CHILD SUPPORT COMPLIANCE PROGRAM Paragraph immediately above, shall constitute a default by Hospital under this Agreement. Without limiting the rights and remedies available to County under any other provision of this Agreement, failure to cure such defaults within ninety (90) calendar days of written notice shall be grounds upon which County may terminate this contract pursuant to the "Termination for Default" Paragraph of this Agreement (or "Term and Termination" Paragraph of this Agreement, whichever is applicable) and pursue debarment of Hospital, pursuant to County Code Chapter 2.202.

27. HOSPITAL'S EXCLUSION FROM PARTICIPATION IN A FEDERALLY

FUNDED PROGRAM: Hospital hereby warrants that neither it nor any of its staff members is restricted or excluded from providing services under any health care program funded by the federal government, directly or indirectly, in whole or

## ADDITIONAL PROVISIONS

in part, and that Hospital will notify Director within thirty (30) calendar days in writing of: (1) any event that would require Hospital or a staff member's mandatory exclusion from participation in a federally funded health care program; and (2) any exclusionary action taken by any agency of the federal government against Hospital or one or more staff members barring it or the staff members from participation in a federally funded health care program, whether such bar is direct or indirect, or whether such bar is in whole or in part.

Hospital shall indemnify and hold County harmless against any and all loss or damage County may suffer arising from any federal exclusion of Hospital or its staff members from such participation in a federally funded health care program.

Failure by Hospital to meet the requirements of this Paragraph shall constitute a material breach of contract upon which County may immediately terminate or suspend this Agreement.

### 28. NOTICE TO EMPLOYEES REGARDING THE FEDERAL EARNED INCOME

CREDIT: Hospital shall notify its employees that they may be eligible for the Federal Earned Income Credit under the federal income tax laws. Such notice shall be provided in

## ADDITIONAL PROVISIONS

accordance with the requirements set forth in Internal Revenue Service Notice 1015.

### 29. HOSPITAL RESPONSIBILITY AND DEBARMENT:

- A. A responsible Hospital is a Hospital who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is County's policy to conduct business only with responsible Hospitals.
- B. Hospital is hereby notified that, in accordance with Chapter 2.202 of the County Code, if County acquires information concerning the performance of Hospital under this Agreement or other contracts, which indicates that Hospital is not responsible, County may or otherwise in addition to other remedies provided under this Agreement, debar Hospital from bidding on County contracts for a specified period of time not to exceed three (3) years, and terminate this Agreement and any or all existing contracts Hospital may have with County.
- C. County may debar Hospital if the Board of Supervisors finds, in its discretion, that Hospital has done any of the following: (1) violated any terms of this Agreement

## **ADDITIONAL PROVISIONS**

or other contract with County or a nonprofit corporation created by the County, (2) committed any act or omission which negatively reflects on Hospital's quality, fitness, or capacity to perform a contract with County or any other public entity, or engaged in a pattern or practice which negatively reflects on same, (3) committed an act or offense which indicates a lack of business integrity or business honesty, or (4) made or submitted a false claim against County or any other public entity.

- D. If there is evidence that Hospital may be subject to debarment, Director will notify Hospital in writing of the evidence which is the basis for the proposed debarment and will advise Hospital of the scheduled date for a debarment hearing before County's Hospital Hearing Board.
- E. The Hospital Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Hospital or Hospital's representative, or both, shall be given an opportunity to submit evidence at that hearing. After the hearing, the Hospital Hearing Board shall prepare a proposed decision, which shall contain a recommendation regarding whether Hospital should be

## ADDITIONAL PROVISIONS

debarred, and, if so, the appropriate length of time of the debarment. If Hospital fails to avail itself of the opportunity to submit evidence to the Hospital Hearing Board, Hospital shall be deemed to have waived all rights of appeal.

F. After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendations of the Hospital Hearing Board shall be presented to the Board of Supervisors. The Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Hospital Hearing Board.

G. These terms shall also apply to any subcontractors of Hospital, or principal owner of Hospital, as defined in Chapter 2.202 of the County Code.

30. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION: Hospital hereby acknowledges that the County is prohibited from contracting with and making sub-awards to parties that are suspended, debarred, ineligible, or excluded or whose principals are suspended, debarred, ineligible, or excluded from securing federally funded contracts. By executing this Agreement, Hospital

## ADDITIONAL PROVISIONS

certifies that neither it nor any of its owners, officers, partners, directors, or other principals is currently suspended, debarred, ineligible, or excluded from securing federally funded contracts. The parties acknowledge their separate and independent obligations with respect to HIPAA, and that such obligations relate to transactions and code sets, privacy, and security. Hospital understands and agrees that it is separately and independently responsible for compliance with HIPAA in all these areas and that County has not undertaken any responsibility for compliance on Hospital's behalf. ## ADDITIONAL PROVISIONS

providing services under this Agreement. Hospital is responsible to notify its subcontractor of this County right.

F. The County's Project Director is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees.

Hospital shall ensure delivery of all such document to: County of Los Angeles, Department of Health Services, Contracts and Grants Division, 313 North Figueroa Street, Sixth Floor East, Los Angeles, California 90012, before any subcontractor employee may perform any work hereunder.

### 37. TERMINATION FOR MATERIAL BREACH AND/OR ANTICIPATORY BREACH:

A. The County may, by written notice to Hospital,

## **ADDITIONAL PROVISIONS**

terminate the whole or any part of this Agreement, if, in the judgment of County's Project Director:

- (1) Hospital has materially breached this Agreement;
- (2) Hospital expressly repudiates this Agreement by an unequivocal refusal to perform; or
- (3) In the event the County intends to terminate this Agreement in accordance with Paragraph 37, it shall give thirty (30) days written notice to the Hospital that it is in material breach and/or anticipatory breach of this Agreement. In this notice of intended termination, the Director shall set forth the facts underlying its claim that the Hospital is in material breach and/or anticipatory breach. Remedy of the breach or convincing progress towards a cure within twenty (20) days (or such longer period as the County may authorize in writing) of receipt of said notice shall revive the Agreement in effect for the remaining term.

- B. In the event that the County terminates this Agreement in whole or in part as provided in Sub-paragraph 37A above, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. Hospital

#### **ADDITIONAL PROVISIONS**

shall be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. Hospital shall continue the performance of this Agreement to the extent not terminated under the provisions of this subparagraph. The parties agree that this particular damage provision (i.e., that the Hospital shall be liable to the County for all excess costs incurred by the County) shall be limited to a time period of twelve months or the remaining period of this Agreement upon breach, whichever is less.

- C. Except with respect to material breach of any subcontractor, Hospital shall not be liable for any such excess costs of the type identified in the subparagraph above if its failure to perform this Agreement arises out of causes beyond the control and without the fault or negligence of Hospital. Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe

weather, but in every case, the failure to perform must be beyond the control and without the fault or negligence of Hospital. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both Hospital and subcontractor, and without the fault or negligence of either of them, Hospital shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Hospital to meet the required performance schedule. As used in this Subparagraph 37C, the terms "subcontractor" and "subcontractors" mean subcontractor(s) at any tier.

- D. If, after the County has given notice of material breach and/or anticipatory breach under the provisions of this Sub-paragraph 37C, it is determined by the County that Hospital was not in material breach and/or anticipatory breach under the provisions of this Sub-paragraph 37C, or that the material breach and/or anticipatory breach was excusable under the provisions of Sub-paragraph 37C, the rights and obligations of the parties shall be the same as if the notice of

## ADDITIONAL PROVISIONS

termination had been issued pursuant to Sub-paragraph 37A.

E. The rights and remedies of the County provided in this Sub-paragraph 37 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

38. NO PAYMENT FOR SERVICES PROVIDED FOLLOWING EXPIRATION / TERMINATION OF AGREEMENT: Hospital shall have no claim against County for payment of any money or reimbursement, of any kind whatsoever, for any service provided by Hospital after the expiration or other termination of this Agreement. Should Hospital receive any such payment it shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after expiration/termination of this Agreement shall not constitute a waiver of County's right to recover such payment from Hospital. This provision shall survive the expiration or other termination of this Agreement.

39. NOTICE TO EMPLOYEES REGARDING THE SAFELY SURRENDERED BABY LAW: The Hospital shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrendered Baby Law, its implementation in Los

The fact sheet is set forth in English as Attachment "1" and in Spanish as Attachment "2" of the Additional Provisions Exhibit of this Agreement and is also available on the Internet at [www.babysafela.org](http://www.babysafela.org) for printing purposes.

40. HOSPITAL'S ACKNOWLEDGMENT OF COUNTY'S COMMITMENT TO THE SAFELY SURRENDERED BABY LAW: The Hospital acknowledges that the County places a high priority on the implementation of the Safely Surrendered Baby Law. The Hospital understands that it is the County's policy to encourage all County Hospitals to voluntarily post the County's "Safely Surrendered Baby Law" poster in a prominent position at the Hospital's place of business. The Hospital will also encourage its Subcontractors, if any, to post this poster in a prominent position in the Subcontractor's place of business. The County's Department of Children and Family Services will supply the Hospital with the poster to be used.
41. RECYCLED BOND PAPER: Consistent with the Board of Supervisors' policy to reduce the amount of solid waste deposited at County landfills, Hospital agrees to use recycled-content paper to the maximum extent possible in connection with services to be performed by Hospital under

The "Nonprofit Integrity Act of 2004" (SB 1262, Chapter 919) increased Charitable Purposes Act requirements. Attached hereto as Exhibit L, is the required form, "CHARITABLE CONTRIBUTIONS CERTIFICATION", to be completed by the Contractor and the County seeks to ensure that all County contractors which receive or raise charitable contributions comply with California law in order to protect the County and its taxpayers. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. (County Code Chapter 2.202).
43. CONTRACTOR'S WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM: Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County

**ADDITIONAL PROVISIONS**

TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM: Failure of Contractor to maintain compliance with the requirements set forth in Sub-paragraph 8.17 - Contractor's Warranty of Compliance with County's Defaulted Property Tax Reduction Program shall constitute default under this Agreement. Without limiting the rights and remedies available to County under any other provision of this Agreement, failure of Contractor to cure such default within 10 days of notice shall be grounds upon which County may terminate this Agreement and/or pursue debarment of Contractor, pursuant to County Code Chapter 2.206.

PARAMEDIC SYSTEM TROUBLE CONTROL PROCEDURES

1. The Paramedic System

A. The paramedic system, as it exists now, consists of the following items requiring Internal Services Department (ISD) maintenance.

LAC+USC Medical Center, Harbor-UCLA Medical Center: each of the two (2) County hospitals has three (3) base stations, MED 1-4, MED 5-8, MED 9, two (2) hot line telephones for incoming paramedic calls; one (1) H.E.A.R. radio, sometimes used by paramedics.

B. The non-County hospital or its consultant is responsible for maintenance of leased lines between the hospital and the base station location or the entry to the County microwave system unless noted. ISD involvement on leased lines is to provide access to County sites and work with the TELCO concerned as necessary to resolve the problem. When the Service Provider/Consultant determines that the fault is at the County site or equipment past their control, the fault will be reported to the Dispatcher (See Exhibit D.1).

2. Maintenance Control: Maintenance control revolves on the County ISD Dispatcher, who will act as the single point of

contact between the entity requesting repair or maintenance and the maintenance personnel. After normal business hours, the Dispatcher may be reached at Emergency After Hours (213) 974-1234 or Dispatch (562) 401-9349. Maintenance itself will be accomplished by personnel of the Microwave Maintenance Division, Radio Field Services, Antelope Valley Shop, and may require the involvement of third party Maintenance Service or other disciplines within ISD. Maintenance personnel may call the person requesting the repair for clarification of information provided by the Dispatcher, or if joint effort is required, to arrange for the parties to meet or communicate.

A. Routine Procedures - County Hospitals: The following procedures are guidelines to be used for controlling and resolving trouble reports:

(1) The Dispatcher will be notified of a problem by either hospital personnel or maintenance shop personnel.

(2) The Dispatcher requires the following information:

- (a) description of the problem;
- (b) classification of the problem: e.g., phone

line, microwave circuit, console, logging

recorder or radio;

(c) caller's name;

(d) caller's telephone number;

(e) the address and room number where the problem exists; and

(f) if the problem was reported outside normal working hours, or late in the business day, ask whether or not work may be delayed until the next normal business day. (Normal

County maintenance working days are from 7:30 A.M. to 4:00 P.M., Monday through Friday.)

(3) The Dispatcher will assign a number to the trouble call.

(4) The Dispatcher will log the call and prepare a trouble ticket by entering the trouble number and will time stamp the trouble ticket.

(5) The Dispatcher will notify the appropriate maintenance personnel immediately, providing the trouble number and available details. When it cannot

be determined which shop may be responsible for non-County hospital problems, the Field Services shop will be notified. During regular working hours, trouble calls will be provided to the maintenance shop concerned. When the shop is closed or after normal working hours, appropriate maintenance personnel will be called at their homes, unless it has been determined by the calling party that work may be held in abeyance until the next regular business day.

(6) The Dispatcher will log the time and to whom the call was given on the daily log.

(7) The Dispatcher will time stamp the trouble ticket and write the name of the person who took the call in the maintenance shop.

(8) When repair has been completed, the technician will contact the person who reported the problem and ask them to test the system. If that person informs the technician that the problem has been cleared, the technician will notify the Dispatcher of that fact.

(9) When the Dispatcher is notified that the trouble has been resolved, the dispatcher will so note on the

log along with who reported the trouble resolved.

(10) The Dispatcher will then time stamp the trouble ticket.

(11) The Dispatcher will call the person reporting the trouble to confirm that the trouble has been cleared.

(12) If maintenance has determined that the problem at a County hospital is a leased line problem, this shall be reported to the Dispatcher with circuit

information. The Dispatcher will take action with the appropriate TELCO.

(13) When TELCO reports the problem has been cleared, the Dispatcher will so notify the person making the trouble report.

#### Non-County Hospitals

The following procedures are guidelines to be used for controlling and resolving trouble reports:

(1) The Dispatcher will be notified of a problem by either a consultant or if at a hospital, hospital personnel or maintenance shop personnel, as designated by their agreement with the consultant.

(2) The ISD Dispatcher requires the following information:

- (a) description of the problem;
  - (b) classification of the problem: e.g., definitely a remote County site problem, no radio control, noisy receiver;
  - (c) caller's name;
  - (d) caller's telephone number;
  - (e) the address and room number where the problem exists; and
  - (f) if the problem was reported outside normal working hours, or if late in the business day, ask whether or not work may be delayed until the next normal business day.
- (3) The Dispatcher will assign a number to the trouble call.
- (4) The Dispatcher will log the call and prepare a trouble ticket by entering the trouble number and will time stamp the trouble ticket.
- (5) The Dispatcher will notify the appropriate maintenance personnel immediately, providing the trouble number and available details. When it cannot be determined which shop may be responsible for non-County hospital problems, the

Field Services shop will be notified. During regular working hours, trouble calls will be provided to the maintenance shop concerned. When the shop is closed or after normal working hours, appropriate maintenance personnel will be called at their homes, unless it has been determined by the calling party that work may be held in abeyance until the next regular business day. In such case, the call will be made to the shop at 7:30 A.M. on the next business day.

(6) The Dispatcher will log the time and to whom the call was given, on the daily log.

(7) The Dispatcher will time stamp the trouble ticket and write the name of the person who took the call in the maintenance shop.

(8) When repair has been completed, the technician will contact the person who reported the problem and ask them to test the system. If that person informs the technician that the problem has been cleared, the technician will notify the Dispatcher of that fact.

(9) When the Dispatcher is notified that the trouble has been resolved, the Dispatcher will so note on the log along

with who reported the trouble resolved.

(10) The Dispatcher will then time stamp the trouble ticket.

(11) The Dispatcher will call the person reporting the trouble to confirm that the trouble has been cleared.

(12) If maintenance has determined that the problem is a leased line problem, this shall be reported to the Dispatcher (with circuit information). The Dispatcher will so inform the person reporting the problem and request that the person report back.

(13) If the private agency calls back indicating that the trouble was a leased line problem, and that it has been cleared, the Dispatcher will note that on the trouble ticket, time stamp it and close it.

(14) If the private agency calls back indicating that the trouble is not a leased line problem, the Dispatcher will reopen the trouble ticket and reinitiate the maintenance procedure. See Paragraph 2 above.

#### Escalation Procedure

C. Dispatch Actions: In the event that the trouble has not been cleared up by 3:00 P.M., on normal business days,

the Dispatcher shall do the following:

- (1) Call the appropriate maintenance shop for a follow-up report on the trouble.
- (2) If the trouble will be carried over to the next business day, note that fact, the time and the name of the supervisor authorizing the carry over on the trouble ticket. These tickets will be placed in the carry-over slot.
- (3) If work will continue until resolution of the problem, note the name of the technician assigned on the trouble ticket. These tickets will be passed on to each succeeding shift until closed out.
- (4) If work in progress has not been resolved by 7:30 A.M. the next working day, the appropriate maintenance shop will be called requesting new completion times on these trouble calls.
- (5) After logging the time, name of shop contact and status of actions taken, call the person reporting the trouble and provide a status report.

D. Escalation:

- (1) After 24 hours have elapsed with no report of

problem resolution, the Dispatcher will call the section head of the maintenance shop involved and report that fact. This information, the section head's response and the time will be logged and entered on the trouble ticket. The person reporting the problem will be called and apprised of the status of work on their problem.

(2) After 48 hours have elapsed with no report of problem resolution, the Dispatcher will call the maintenance Division Chief concerned, requesting problem resolution. The person reporting the trouble and the Department of Health Services, EMS Division, will be called and given the status of actions taken, including the fact that the problem has escalated to the Division Chief. The DHS representative will be given the name and telephone number of the Division Chief.

(3) After 72 hours have elapsed with report of problem resolution, the Dispatcher will call the Branch Manager notifying them of the problem and the fact that 72 hours have elapsed since the problem was

first reported. This information will be logged by the Dispatcher. The person reporting the problem and the Department of Health Services, EMS Division, will be called and given the status if action taken, including the fact that the problem has been escalated to the Branch Manager. When the Division Chief or Branch Manager provides the Dispatcher with the status of the delayed repair action, the Dispatcher will note the status, who called, and the time in the log and will inform the person reporting the problem and DHS of the status of actions.

**Other Recommendations**

- Customers wishing to print reports will naturally need a printer. However, this printer need not be connected to the workstation. LA Base can use any printer installed rather it be local or network.
- To facilitate remote technical support, a high-speed internet connection is strongly recommended for all workstations.
- (Lancet Technology uses Remote Support from WebEx for remote desktop support. If this does not comply with your institution's IT policy, we request network access via a VPN with desktop access via an industry standard solution such as pcAnywhere, Microsoft Remote Access (RDP) or VNC.
- IT persons should have FTP access for downloading and uploading of large files related to product updates and technical support.
- For sites wishing to use SQL Server Express Oracle Database Express, this software will need to be installed by the customer prior to Lancet Technology installing LA Base.
- Ideally it is a great advantage if Lancet Technology has direct access to the server console, as it is easier to troubleshoot directly.
